

Monday 4 November

Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact (part 1)

09:00-13:00 SACE 1 - Xiamen University Chair: D. Black

Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact

D. Black, M. Ezzati, M. French, G. Lovasi, J. Milner, H. Pineo, J. Siri*

Increase of healthcare provision in cities of the global south: An opportunity or a major risk for human Health?

09:30-12:30 SACE 4 - Xiamen University Chair: P. Handschumacher

Increase of healthcare provision in cities of the global south: An opportunity or a major risk for human Health?

P. Handschumacher*, B. Nguendo Yongsi, J. Rouamba, G. Fauvel, A. Niang, H. Gurgel, G. Salem

Session Break

12:30-14:00

Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact (part 2)

14:00-17:00 SACE 1 - Xiamen University Chair: D. Black

Implementing Urban and Territorial Planning through the 'lens' of Health

14:00-18:30 SACE 2 - Xiamen University Chair: P. Carbajal and M. Grant

"Implementing Urban and Territorial Planning through the 'lens' of Health"

M. Grant*, R. Sietchiping, P. Carbajal, N. Roebbel, T. Herick

Joint pre-conference workshop of the ISUH African Research Workgroup and the Community Solutions Workgroup

14:00-18:30 SACE 3 - Xiamen University Chair: S. Banarjee

Joint pre-conference workshop of the ISUH African Research Workgroup and the Community Solutions Workgroup.

S. Banarjee, B. Mberu, C. Kabaria*

Tuesday 5 November

Botnar Healthy Cities for Adolescents Global Learning Workshop

08:30-12:30 Peony Room 1 – Swiss Grand Hotel **Chair: J. Das/L. Kasani**

Introduction to Digital Public Health: mHealth and digital health interventions

09:30-12:30 SACE 1 - Xiamen University **Chair: J. Mueller**

Introduction to Digital Public Health: mHealth and digital health interventions
G. Williams*

Asian City Health: Spatial systems, spatial planning and spatial design

09:30-12:30 SACE 2 - Xiamen University **Chair: J. Liu**

Asian City Health: Spatial systems, spatial planning and spatial design
J. Liu*, Y. Thomas, M. Grant, A. Ezeh, S. Jayasinghe, L. Wang, J. Siri, P. Carbajal, E. Martayan et al

GCRF Clean Environment and Planetary Health in Asia Network

09:30-12:30 SACE 4 - Xiamen University **Chair: S. Vardoulakis**

GCRF Clean Environment and Planetary Health in Asia Network
S. Vardoulakis*, S. Nagendra, C. Huang, Q. Liu, T. Zhu, P. Zhao, L. Carmichael, K. Dirks, J. Salmond et al

Application of neuroscience in urban planning and design. An introduction to the theory and practice of EEG experiment design, data collection, and analysis

09:30-12:30 SACE 5 - Xiamen University **Chair: A. Olsze**

Application of neuroscience in urban planning and design. An introduction to the theory and practice of EEG experiment design, data collection, and analysis.
A. Olszewska-Guizzo*, N. Escoffier
